PRICE TWO CENTS

BANE'S

"I Want to Ask

your wife, neighbor, where she gets that fine coffee we had for supper. It's the best I've drunk in many a day. I want Martha to get some just like it."

"Well, Deacon, I can tell you that. It's some of a new lot they've just got in down to BANE's grocery store. They call it

Home Brand Mocha and Java

and they charged me but 40c a pound for it."

"Well, that's a great grocery store, sure as you're living, neighbor. About everything that comes from there seems to be better than you get at any other store. And folks are getting onto this fact, too, I guess, for it 'pears to me as though everybody on our street was trading there. But, sure as shooting, I'm going down there first thing tomorrow for some of that coffee, and some of those fine new vegetables and fruits, lettuce, radishes, onions, pie plant, asparagus, spinach and cucumbers. Everything fresh and clean."

Meat Market

Prime rib roasts, steer beef, fine porter house and loin steaks, legs of spring lamb, chickens, home made sausages. Valuable free coupons with all cash sales. Ask for them.

VEIL OF MYSTERY IS LIFTED.

Chicago Woman Reveals Identity of the "Veiled Murderess."

Chicago, May 16.—The veil of mystery that for more than half a century hid the identity of the "veiled murderess" who died in prison at Matteawan, N. Y., Sunday, has been lifted by the hand of Mrs. Charlotte P. Norris, 1426 Newport avenue, Chicago.

The so-called "veiled murderess" was a classmate of Mrs. Norris at the famous Emma Willard school at Troy, N. Y., sixty years ago. The maiden name of the woman, who was a puzzle to the authorities ever since her arrest for murder in 1853, was Charlotte Ward. She married an Englishman of rank, Sir Walter F. Elliott, but she ran away from his home in England two years after the marriage. She came back to America to find the house of her father, a wealthy Canadian merchant, shut against her.

Mrs. Norris, though under no obligation to do so, has kept her secret as to the identity of the veiled murderess, who was convicted of the murder of Timothy Lannagan and Katherine Labee, in Troy, N. Y., fifty-three years ago.

SECRET SYSTEM REVEALED.

Books of Trading Company Showed Operations of Packers.

Chicago, May 16.—National Bank Examiner Stareck, who for two months has been studying over the books found in the six trunks taken from the safety vault in the First National bank building, during the day appeared before the federal grand jury that is investigating the affairs of the beef packing industries.

Through these books, it is said, the secret system of the Aetna Trading company has been revealed and all persons connected with the operation of the company are known. The Aetna Trading company, it is said, was the means by which the packers supposed to form the beef trust transacted their secret business.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, asthma. Never fails.

CANNONADING AT SEA

NORWEGIAN SHIP REPORTS HAVING HEARD FIRING LASTING THREE HOURS.

RUSSIANS SAIL NORTHWARD

ROJESTVENSKY SAID TO HAVE LEFT HONKHOE BAY ON MAY FOURTEENTH.

London, May 16.—The dispatch from Saigon to the Associated Press stating that the Russian fleet had sailed northward from the vicinity of Honkoho bay early in the morning of May 14 is the latest news available in London regarding the movements of Vice Admiral Rojestvensky.

A dispatch from Hongkong to the Daily Mail says that Hamilton King, American minister at Bangkok, who is a passenger on board the steamer Pitsanoli, said that on May 11 the steamer passed fourteen warships twenty-four miles north of Kamranh bay.

According to the Daily Telegraph's correspondent at Tokio, during a great storm several days ago the Japanese converted cruiser Nekko was damaged by striking on a reef off Fusan.

The same correspondent says that during the past month the Russian warships consumed 120,000 tons of coal and adds that where it was obtained is a mystery.

The correspondent further says that the Russian fleet established a wireless telegraph station in French territory and communicated with St. Petersburg by way of Saigon.

A Norwegian steamer, the Daily Telegraph's correspondent further states, reports having heard cannonading from 8 to 11 o'clock on the morning of May 11 in 33.45 north latitude and 129.20 east longitude and that a Japanese torpedo boat was seen running in that direction.

St. Petersburg, May 16.—A naval action within a few days is regarded as likely in well informed naval circles. The Associated Press learns that Admiral Rojestvensky and Rear Admiral Nebogatoff joined forces May 10. There is reason to believe the united fleet will proceed northward immediately.

URGES JAPAN TO KEEP COOL.

British Government Anxious to Prevent Spread of Hostilities.

London, May 16.—Foreign Secretary Lansdowne has made no further representation to the French government regarding the continued stay of the Russian Pacific fleet in Coochin China waters.

No alarm is felt in government circles here that Japan will permit her protests to go so far as to produce a rupture of peace, but it is fully recognized that Japan has the power to bring her ally into conflict by a hostile act. Therefore the British government is using every effort to keep the Japanese cool and at the same time urging upon France the necessity of respecting neutrality, in which Great Britain agrees in principle with Japan.

Baron Hayashi, the Japanese minister here, said that he was positive if France sent a definite demand to St. Petersburg Vice Admiral Rojestvensky would not remain in French waters twenty-four hours.

Minister Hayashi characterized as absurd the French charges that Japan intends ultimately to attempt to annex Coochin China. He applied a like characterization to similar statements in the United States regarding the Philippine islands.

"Korea, Manchuria and other territory nearer Japan," the minister said, "are more desirable than Coochin China, but I repeat the Japanese have no territorial ambitions. Japan is large enough for us. We are simply fighting for national existence."

THE BOWEN-LOOMIS CASE.

Formal Trial of the Issues Between Diplomats Begun.

Washington, May 16.—The formal trial of the issues between Acting Secretary Loomis and Minister Bowen began during the day when Mr. Bowen presented himself at the White House. He had sent a card the previous night to the president and followed it in the morning by appearing in person at the White House, where he was immediately received by the president, who told him that as he had come in answer to his summons he would be pleased to have the minister call on Secretary Taft at once. Mr. Bowen accordingly went to the war department and spent a short time in conversation with the secretary, who gave him the charges made against him by Mr. Loomis and requested that Mr. Bowen prepare his side of the case at once. Mr. Bowen returned to his hotel and immediately began his task. The matter may be ended this week.

WRAPPED IN AN AMERICAN FLAG.

Woman Vainly Attempts to Stop a Sunday Ball Game.

Hutchinson, Minn., May 16.—Wrapped in an American flag and bearing a copy of the Minnesota statutes, Mrs. M. Lillie Slight took up the crusade against Sunday baseball in Hutchinson and invaded the diamond in an attempt to prevent the game. The crusade was begun by the Hutchinson clergymen, but was dropped when the city authorities declined to act on their petition to suppress Sunday games. A game between Hutchinson and Cokato teams was announced for Sunday. Mrs. Slight sent protests to the churches which were read at the morning services.

When the crowd assembled for the game, placards were found declaring that "to molest the flag while it is floating in defense of law is high treason." When the umpire called "Play ball," Mrs. Slight, flag-enwrapped, took a position between pitcher and catcher. The pitcher tried curving the ball around her. Then, two batteries were put on the field, and Mrs. Slight dodged about, endeavoring to prevent play. She succeeded in blocking fast play, and the crowd took up solution of the problem, gathering closely around her and moving off the field, Mrs. Slight protesting vehemently. The ruse succeeded and the game was played.

But Mrs. Slight announced that she would telegraph to Washington the news of this action against the American flag.

WILL HANG ON AUG. 8.

Date Set for Execution of Edward Gottschalk.

St. Paul, May 16.—Governor Johnson has fixed Aug. 8 as the date for the execution of Edward Gottschalk, the confessed murderer of Joseph Hartmann and also indicted for the murder of Christian H. Schindeldecker. This will be the first hanging in Ramsey county since October, 1896.

NOT ABLE TO AGREE

JURORS IN THE DR. KOCH MURDER CASE FAIL TO RETURN A VERDICT.

Mankato, Minn., May 16.—The jury in the second trial of Dr. George R. Koch, accused of killing Dr. L. A. Gebhardt at New Ulm Nov. 1 last, was discharged at noon, being unable to agree after deliberating nearly forty-eight hours.

The jury came into court at 9 a. m. and the foreman informed Judge Cray that an agreement was impossible. The foreman told the court they were divided seven to five, but he was not allowed to state whether the majority favored conviction or acquittal. After considering the statement for a moment Judge Cray sent the jury back for further deliberation and urged them to endeavor to reach a verdict. Shortly before noon the jury again came into court, the foreman announced no change in the situation and Judge Cray dismissed the twelve men from further consideration of the case.

It is understood the state will insist on a third trial of the case. General Childs, leading counsel for the prosecution, contends that the placing of Koch in jail at the close of the present trial was tantamount to cancelling his bail and he will oppose his release on bond at this time.

PLAN IS FRUSTRATED.

St. Paul Murderers Attempt to Escape From Jail.

St. Paul, May 16.—Edward Gottschalk, under sentence to hang, and William Williams, now being tried for the murder of John Keller, also charged with killing Mrs. Frederick Keller, were frustrated in an attempt to break jail.

They had carefully planned an escape and had at hand a bludgeon with which to murder the jailer if necessary in order to regain their freedom.

The plot was discovered by Sheriff Mieser and the weapon the murderers had provided was put beyond their reach.

Accused of being in the plot Williams made a confession in which he told of what he and Gottschalk intended to do.

Two Men Wounded.

Williston, N. D., May 16.—A shooting incident occurred here during the day as the result of an argument between Captain Bailey and W. H. Browning in an eating house, in the course of which Bailey is alleged to have struck Browning, who it is said, pulled his gun and fired, the bullet grazing Bailey's temple. Chief of Police Markell placed Browning under arrest, and shot Browning through both legs when he tried to escape.

Death Blow to Tariff Reform.

London, May 16.—The Chronicle claims that it has good authority to assert that the government has decided to postpone the dissolution of parliament until the fall of 1906 and that this decision means the death blow to tariff reform.

H. F. MICHAEL CO'S Daily Store News

Fine Laces and Embroideries.

This is a season for laces and embroideries. It has been some years since Fashion has given them such universal endorsement. It seems too, as if the manufacturers have entered fully into the spirit of this vogue, for they have provided some wonderfully pretty things. We have selected some very tasty designs in fine Swiss and Cambric embroideries and soft laces—such kinds as give garments the proper tone.

The predominant features of our store are the splendid qualities we show and the reasonable prices which are so characteristic of us.

White Lawns, French Lawns, Persian Lawns.

Superb qualities—Dainty in quality but substantial in wear. French lawns are leading in the sheer stuffs, but Persian lawns and Swiss mulls are preferred by some. It matters not which pleases you, we feel that we have your quality.

The linen lawns are highly in favor this year for the tub frocks and we are showing some neat qualities in these.

"Get the Habit" of Trading Here

Place us upon our honor; give us your patronage, and should you find anything wrong, give us the opportunity to right it. If we do not treat you fairly don't come again. Fair enough isn't it? We are building a business upon MERIT ONLY.

ARMISTICE DECLARED

STRIKE OF TEAMSTERS AT CHICAGO WILL NOT BE EXTENDED FOR A FEW DAYS.

HIGH OFFICIALS SUMMONED

EXECUTIVE BOARD OF INTERNATIONAL UNION WILL MEET IN THE WINDY CITY.

Chicago, May 16.—A practical armistice in the teamsters' strike was declared Monday night, to last until the officers of the International Brotherhood of Teamsters meet here either on Wednesday or Thursday of this week.

At a meeting of the Teamsters' joint council held Monday night to reconsider the action of Saturday night when it was decided to refuse the demands of the Teamowners' association that deliveries be made to strike-bound houses, the council reaffirmed their stand and decided that they would not accede to the demands of the Teamowners' association. It was known to members of the latter organization that this action would be taken and the proceedings were of a perfunctory nature, it having been decided that the matter should await the arrival of the officers of the international organization of teamsters.

The Lumbermen's association Monday night requested the teamsters to define their position as to what might be expected when the lumber firms of the city called upon them to make deliveries. The association declared it was in favor of making deliveries irrespective of the strike and announced that drivers who refused to deliver goods as ordered would be discharged.

Employ Twelve Hundred Men.

The lumber concerns represented at the meeting employed 1,200 teamsters and a strike of these would mean great embarrassment to the building operations in the city.

As a result of the day's developments in the teamsters' strike the labor leaders assert that the strike, aided financially by unions all over the country, will spread in a marked degree. An appeal for funds has been sent out by President Gompers of the American Federation of Labor. The employers, however, predict a speedy settlement. Ground for this prediction is found in a telegram sent by President Shea of the teamsters' union to President Gompers.

The message arranged for a meeting of the executive board of the American Federation of Labor to be held in Chicago near the end of the present week. President Shea also telegraphed the members of the executive board of the International Brotherhood of Teamsters to come to Chicago forthwith. It is expected this body will meet in Chicago Wednesday. These officials have the final word in calling or putting an end to the strike of the

teamsters' organization. They are the same men who were called to Chicago last year to put an end to the strike of the teamsters at the stockyards, and it is believed by the employers that they have now been summoned for a similar purpose.

Wagons Not Molested.

The employers during the day operated 2,000 wagons, practically without interference, many of the deliveries in the residence portion of the city being made without police protection. It is asserted that the number of wagons in service will be increased by 250 at once and that this ratio will be continued each day until the full number of wagons is in service again.

At 10 o'clock Judge Kohlsaat of the United States circuit court will listen to arguments on a motion to dissolve the eight orders of injunction against the strikers secured by the employers' association and the seven express companies. In connection with these matters the jurisdiction of the federal court in taking up the strike trouble will be attacked by the attorneys for the teamsters.

At the hearing before the master in chancery in the afternoon G. B. Clark, a former cab driver for the Scott Transfer company and now on strike, together with other employees of that corporation, said that he had been employed by the Scott company for four years and that he does not know, even now, why he was forced to strike.

"We have no grievance at all," declared the witness. "I would rather work for Scott than any man I know. We were called out and we had to go. Every man that is now out from the Scott barns would be glad to get back."

Jealous Girl Uses a Knife.

Chicago, May 16.—Miss Alma Callahan, twenty-two years of age, was fatally stabbed on the street at night by another young woman named Edith Smith. Miss Callahan refused to cease receiving attentions from a young man upon demand of Miss Smith, and the latter girl drew a knife and stabbed her in the side. Miss Smith was arrested.

Don't let the little ones suffer from eczema or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

IN WORLD'S MARKETS

PANAMA CANAL COMMISSION DECIDES TO PURCHASE MATERIAL AND SHIPS.

Washington, May 16.—The executive committee of the Isthmian canal commission during the day decided to purchase in the markets of the world the material and ships necessary for the building of the Panama canal.

This important decision was reached with some reluctance because it was appreciated by Secretary Taft and the executive committee that there would surely be a great outcry from two great interests in this country, the producers of material and the shipowners, if the prices were not limited to the American products. But it was decided that the money consideration was so great that it could not be ignored, for it was held that in many cases fully 50 per cent more would be charged for material needed in canal construction than the same goods could be procured for in Europe. Chief Engineer Wallace, for instance, showed that two ships in addition to those running between New York and Colon and owned by the Panama Railway company would be absolutely necessary to carry the food supplies and material needed for the work. No American ships could be bought at any reasonable price and when it came to building such ships it was found according to Secretary Taft's statement that while he can buy two 2,600 ton ships in Europe for \$750,000, it would cost \$1,400,000 to build such ships here. And in addition while the European ships could be had at once, it would take at least eighteen months to secure American boats.

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plain, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at H. P. Dunn & Co.'s drug store.

TUESDAY MAY 16, 1905.

Weather

Forecast—Partly cloudy with rising temperature.

Temperature (Record kept by Dr. J. L. Camp for 45 hours ending at 3 o'clock this afternoon)—Maximum 48 above zero; minimum 58 above zero.

The Chicago strike is assuming alarming proportions.

Cyclone cellars are considered as necessary as a house to live in down in Texas and Oklahoma.

The Duluth News-Tribune thinks the Fourth of July celebration in this city will not be of the noiseless kind, "for Brainerd is not a quiet city."

According to a statement sent out from St. Paul, Crow Wing county is included in the list where state lands will be sold the coming fall, probably in September or October.

Gottschalk, will be hanged August 8 for the murder of Edward Hartman at St. Paul. He pleaded guilty and after sentence was passed upon him asked that the date of his execution be fixed as early as possible.

The two commissioners of Beltrami county, F. O. Sibley and Wesley Wright, who have been charged with malfeasance in office, were removed by the governor late Saturday night. The move was made to prevent them from participating in the election of a county attorney to succeed H. J. Loud, resigned.

The second trial of Koch, the man charged with murdering his competitor at New Ulm, has resulted in a disagreement of the jury, as did the first one, and the third trial is being arranged for. Unless new evidence is found it is hardly probable that any jury will ever agree in this case. In cases where the evidence is entirely circumstantial a conviction is hard to get even though the guilt of the party accused may be strongly believed in by the public generally, and this will be no exception.

The ruling of the department in regard to inherited land on the Chippewa reservation in Minnesota is that the secretary of the interior has police control over the land even after it has passed into the hands of white men until otherwise directed by congress, and this will settle the saloon question in the land of the Minnesota Indians. Recently a piece of this land was sold to a white man on the Chippewa reservation at a good price and he immediately opened a saloon thereon which was followed by a protest and the decision just rendered is the result.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at H. P. Dunn & Co.'s drug store; price 50c.

To The Public.

Brainerd, Minn., May 6, 1905.

TO THE PUBLIC:

I was laid up in bed from April 15 to May 1 by a fall which injured my back and side. I went to see the hospital doctors and they told me it was necessary to operate for appendicitis, but I went to see the Russian massagist and he said he could cure me with not more than four treatments of his massages and baths, which I took and am now well and at work. I can recommend him as all right.

GUILT OF NAN PATTERSON.

Justice Davis Expresses His Opinion on It at a Banquet.

New York, May 16.—Somewhat to the astonishment of those present at the monthly dinner at night of the Phi Delta Phi club, an organization of lawyers, Justice Vernon M. Davis of the supreme court of the state of New York, who was the guest of honor, gave his opinion as to the guilt of Nan Patterson while making an argument in defense of Assistant District Attorney Rand. Justice Davis, who presided at the first two trials of the former chorus girl, said that she had lied from beginning to end, and it was his opinion that the majority of the community now believed that Miss Patterson held the pistol by which Young was shot, and that J. Morgan Smith bought the weapon and gave it to her, charging her at the time with the duty of "scaring" Young.

Justice Davis said he thought Miss Patterson showed the revolver to Young to scare him and that when Young tried to take it away from her it was accidentally discharged. He said he believed that if Miss Patterson had told the truth the second jury would have acquitted her.

WALLACE L. LIND SUCCESSFUL

Gets the Appointment to the Annapolis Naval Academy--the Principal Failed to Pass.

News was received from Congressman Buckman today that Wallace L. Lind, a well known young man of this city, has been successful in passing the examination for entrance to the Annapolis naval academy and his name will be sent to congress for confirmation if he passes the physical examination. Mr. Lind was appointed as alternate, but the principal failed to pass and this gave young Lind a try at it.

AN IRRIGATION TOUR.

House and Senate Committees Plan a Month's Trip.

The members of the house and senate irrigation committees have arranged a tour to all the large reclamation projects now in course of construction, says a Washington special dispatch to the New York Times. The party will start from Kansas City June 1 and will be on the road for over a month. The first point reached will be El Paso, and then the big Tonto creek dam near Prescott, Ariz., will be visited.

A study will be made of the problems involved in the proposed dam at the mouth of the Colorado river, where not only engineering difficulties are involved, but the international question of running water over the boundary into Mexico and then back into the United States for irrigation purposes will be taken up.

Furniture, Hardware and Bicycle Dealers

NORTHERN PACIFIC BANK CLOSED BY THE EXAMINER

Well Known Brainerd Institution Being Thoroughly Investigated
This Afternoon

PUBLIC EXAMINER IN CHARGE

Directors Claim Bank Will Be Re-organized Stronger and Sounder Than Ever

Brainerd people were surprised this morning to find the curtains of the Northern Pacific bank drawn and the following notice placed on the door: "Closed by order of public examiner for thorough examination."

At this time little was known regarding the affair and it was stated that Supt. of Banks P. M. Kerst was not in the city, but that the notice had been posted by one of his deputies who was in the city and who has been going over the books of the institution.

Nothing definite was given out until this afternoon when Supt. Kerst arrived in the city from St. Paul. He was seen at the bank shortly afterward and gave out the following statement:

"The Northern Pacific bank has been temporarily closed by the superintendent of banks for the purpose of making a thorough examination of its affairs."

"So soon as the examination is concluded a statement will be made to the public."

This in brief is about all that could be secured from Supt. Kerst today. He did state to a representative of THE DISPATCH in answer to the question asking for a reason for the state of affairs, "The immediate cause for closing the bank is the absence of cash means."

The Northern Pacific bank was capitalized at \$25,000 and had a surplus of \$15,000. It had deposits of \$165,000, including bills payable, and its total liabilities are \$200,000.

The superintendent of banks stated that there was no other reason for the closing of the bank than that there was the absence of cash. He and his deputies have been in the city for several days and they noticed a natural drawing out of money, what is termed in banking business, a still run on the bank.

The bank officers are among the best known business men of the city. The president is Werner Hemstead, vice president, J. F. McGinnis and cashier H. D. Treglawny. President Hemstead authorized the following statement:

"We have enough available resources to place the bank on a footing to pay every depositor dollar for dollar and this we will do at once."

It is understood that the directors contemplate a complete reorganization and the bank will be opened on a sounder and larger basis than ever.

There are a great many anxious depositors, but the bank officials offer encouragement in the fact that there is enough of the resources in the way of good paper to meet all liabilities.

NORTHERN LEAGUE

The "Twins" played Chippewa Falls again yesterday afternoon and lost. This should not be held against the team for they have just organized and are getting into fighting trim. The score was four to three and that is going some. Gilchrist pitched for the "Twins" yesterday and pitched fine ball. By the time the team reaches Brainerd Saturday they will be right down to business and a good article of ball will be seen.

It is generally conceded about the league that Playing Manager White is the right man in the right place. He has the right kind of stuff in him for a playing manager and he knows base ball from hock to breakfast. He is confident that he will make a good run for the pennant and will make the other towns in the league go some.

St. Cloud is making great preparations for the opening game there Thursday. The city will be in holiday attire on that day and Mayor Robinson will pitch the first ball.

There was a good crowd in attendance on the Crookston-Thief River ball game at the latter place Sunday. A special train from Crookston bearing the band and 276 excursionists made the trip. There were good contingents from Red Lake Falls and St. Hilaire. The crowd in attendance on the game was in the neighborhood of 900. The score stood 7 to 3 in favor of the Crookston league team.

Best 30-inch hog fencing, closing out price now 35c per rod at Imperial block hardware store.

Bullet Proof Shield. Attached to a goat, a new bullet proof shield, the composition of which is a secret, has been tried by the Swiss military department with satisfactory results.

JUDD WRIGHT FOR CITY TREASURER

Elected on Second Ballot By the City Council to Succeed R. G. Vallentyne

SIDEWALK BIDS WERE OPENED

Matter of Electing Street Commissioner Was Deferred Until the Next Meeting.

There was something doing at the meeting of the city council last night. Not that there is not always something doing when the city dads get together, but last evening there were just a few extras served. One of the most important matters to come before the body was the election of a city treasurer. R. G. Vallentyne tendered his resignation as treasurer, stating as his reason that he is about to leave the city. The resignation was promptly accepted and immediately City Clerk Low read the letters of those who were applicants for the place.

Three candidates loomed up in the persons of Judd Wright, Claude C. Kyle and Milton McFadden. On motion an informal ballot was taken and it stood as follows: Wright 5, McFadden 3, Kyle 2. On the first formal ballot the vote stood: Wright 4, McFadden 2, Kyle 4. On the second and last ballot Wright secured 6, Kyle 3 and McFadden 1. Mr. Wright having received a majority of the votes cast he was declared elected to fill the unexpired term of R. G. Vallentyne.

Another important piece of business was the opening of bids for the construction of cement sidewalks for the season of 1905. There were six bidders and it was rather amusing to note the variance in the bids. There were several bids from men out of the city, which showed that Brainerd's sidewalk building industry has become quite widely known throughout the state. The bids were as follows:

J. K. Hayes—\$1 per square yard for 4 inch walks, 88 cents per square yard for 3 inch walks, \$1.30 per square yard for cross walks and driveways and 15 cents per cubic yard for filling and excavating.

Chas. Peterson—79 cents per square yard for the walks and 11 cents per cubic yard for filling and excavating.

F. J. Lorenser, St. Cloud—84½ cents per square yard for the walks and 22 cents per cubic yard for filling and excavating.

Everett & LaBlanc—69½ cents per square yard for walks, 75 cents per square yard for alley crossings and 12½ cents per cubic yard for excavating and filling.

Plymouth Paving Company, Minneapolis—79½ cents per square yard for walks and 15 cents per cubic yard for excavating and filling.

H. Van Curley—82 cents per square yard for the walks and 15 cents per cubic yard for excavating and filling.

The bid of Everett & LaBlanc was the lowest and a motion prevailed that the bid be accepted, provided the contractors furnish a bond for the present for \$1,000, running two years, and furnish such other bonds from time to time as the council may require.

Last night was the appointed time to elect a street commissioner for the ensuing year. There were four applicants for the position, C. A. Laing, J. C. Conant, C. G. Moers and Joseph Weitzel. The applications of these gentlemen had no more than been read when a motion prevailed that the matter of electing a street commissioner be not taken up until the next meeting.

The final settlement on lateral sewer "E" was submitted last night, but it was held up, the council taking the initiative in the matter of compelling the contractors to put the streets and alleys in as good condition as they were previous to the excavation for such sewers. The estimate will be allowed when the alleys and streets affected by this sewer are put in condition.

A partial estimate of lateral sewer "D", amounting to \$878.08, was allowed. The same action will be taken in reference to this sewer and all others as was taken in the case of sewer "E" when the final estimates are submitted to the council.

Chairman Opsahl, of the street committee, asked for further time to report on the matter of opening Seventeenth street south.

Attention was called to the alley on Fifth Ave. N. E., between Farrar and Forsythe avenues. It has been fenced in and some complaint was being made. In this connection the same old complaint from S. E. Brainerd near the Preston home was brought up. The matters were referred to the street committee.

The liquor license applications of George West and P. E. McCabe were received last night. The licenses were granted and the bonds approved.

Bids were opened last night for the removal of the hose house in Southeast Brainerd from its present site to the new site purchased by the city council, lots 1, 2 and 3, block 6. P. W. Bidwell had a bid in for \$100 and P. G. Fogelstrom had a bid in for the same amount.

Mr. Bidwell did not say anything about a foundation while Mr. Fogelstrom provided for a foundation at the new site as good as the old one. The contract was therefore awarded to P. G. Fogelstrom.

Judge J. T. Sanborn appeared before the council last night and stated that J. A. Batchelder and himself had been appointed a committee at the last meeting of the Evergreen Cemetery association to appear before the council and request that a new walk be laid from the brow of the hill on Bluff avenue to the cemetery gate. The judge stated that this walk was almost impassable and as the cemetery association had expended considerable for improvements the past year and needed what little money there is in the treasury to make further necessary improvements they felt that they ought not be asked to make this improvement. A motion prevailed that the matter be left in the hands of the street committee in conjunction with the city engineer, they to furnish estimates of the cost etc., and report at the next meeting.

Alderman Opsahl called attention to the new law passed at the last legislature providing for the refunding of floating indebtedness in cities the size of Brainerd. He thought that this matter should be taken up in Brainerd; that the indebtedness here should be refunded. He recommended that the matter be referred to the finance committee and that the state auditor be corresponded with relative to the matter. He made this a motion and it was unanimously carried.

The old Gull lake road controversy came up again last night and C. A. Krech and H. M. Holmes were present to defend the rights of two different factions. It seems that the present road mostly used passes through some lots formerly owned by Mr. Holmes west of the river. He wants this road closed up. Mr. Krech argued that it was the only road and that the lots referred to were practically valueless anyway. The council will go over these roads next Sunday morning, meeting at the city hall at 9 o'clock, and they will try to untangle the muddle.

The petition of E. A. McKay and William Wood for a lateral sewer in blocks 52 and 56 to connect with the district sewer was on motion granted.

The petition of several residents on Seventh street south asking that the bridge on this street near Alderman Baker's place be fixed was left in the hands of the street committee to report at the next meeting.

Alderman Squires also wanted a small culvert on Thirteenth street repaired and this was also referred to the same committee.

The matter of repairing Mill street came up last night. It was referred to the aldermen of that ward to investigate and make some recommendation.

The matter of removing the water hydrant from the corner of Main and Sixth to the corner of Third and Kingwood was referred to the aldermen from the Second.

Don't forget Opsahl makes frames to order. 292tf

See Sherlund for sewer connections.

Isn't it worth while to be safe from appendicitis? A dose of Dr. Adler's Treatment, the great appendicitis preventive. Once or twice a week will do it. Don't put it off, get a bottle today. Johnson's Pharmacy.

Side Talks by the Office Boy.

Did you ever sit down at the end of the month and figure up your expense account, and then kick yourself for three or four days and say to yourself, "I've got to cut my expenses down this month" and when the end of that month drifts around you find that it costs you 'steen dollars more than the month you did so much roaring? Do

you want a tip from a kid how to make it come out the other way so that you can put a little money away for a wet winter? Try the Linnemann treatment. Buy a Lampher hat (take it from me you'll never know the difference). Here's \$2.00 saved. Buy two Linnemann 50c ties. There's another dollar saved. Wear our fine imported 25c socks, say three pair. There's a saving of 75c. Buy a Kuppenheimer tailor made suit at \$20.00. There's a saving of easy \$10.00. So you can see on an outlay of \$34.75 you have actually saved \$13.25. I tell you honestly it's the only way you can beat the game. Linnemann's prices and qualities never change. Now get wise.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

Nettleton Rents and Sells Houses.

Where are you sick? Headache, foul-tongue, no appetite, lack energy, pain in your stomach, constipation? Hollister's Rocky Mountain Tea will make you well and keep you well. 35 cents. H. P. Dunn & Co.

the world's greatest kidney and liver remedy, and the only one having a combined action on kidneys and liver. One pill a dose; 25 cents a box. Write for free sample to The Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

OHLIGER PLEADS GUILTY.

Former President of Failed Ohio Bank Will Go to Prison.

Cleveland, O., May 16.—L. P. Ohliger, ex-president of the closed Wooster (O.) National bank, pleaded guilty before Judge Taylor in the United States district court in the afternoon to a count in one of the indictments charging him with having issued a draft when there were no funds in the bank to meet it.

Judge Taylor sentenced Ohliger to eight years' imprisonment in the Ohio penitentiary.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At H. P. Dunn & Co.'s drug store, price 50c and \$1.00; guaranteed. Trial bottle free.

Two Trainmen Killed.

Otterbein, Ind., May 16.—Two trainmen were killed and six passengers severely injured during the day in the wreck of Big Four fast passenger train No. 11, which crashed into an open switch while running at the rate of forty miles an hour. The mail and baggage cars were completely wrecked.

Murder Case Almost Ended.

Anoka, Minn., May 16.—Both sides summed up in the case of Kolb and Hammond, accused of complicity in the murder of Freddie King at Columbia Heights, and Judge Giddings will charge the jury in the morning. A verdict is expected in a few hours.

Spring styles in photo-cards are especially neat and attractive. See them at Opsahl's. 292tf

KILLS FOUR PERSONS

CALIFORNIA MAN RUNS AMUCK AND LEAVES A CORY TRAIL BEHIND HIM.

FINALLY ENDS HIS OWN LIFE

FIVE PEOPLE DEAD AND TWO OTHERS BADLY HURT AS RESULT OF HIS WORK.

San Diego, Cal., May 16.—William P. Robinson, a house cleaner, ran amuck in this city during the day, killing four persons, fatally wounding another, causing serious injuries to still another and then blew out his brains.

The dead are: William Stewart, Mrs. Emma Stewart, H. W. Chase, Harry Doddridge and W. P. Robinson. Mrs. W. H. Doddridge was fatally wounded and W. S. Doddridge was seriously injured.

At first it was supposed to be the work of a liquor crazed man. Later it was stated, however, that Robinson had been heard to make threats against Doddridge, who he claimed had been engaged in an attempt to have him "shanghaied" when he was a sailor.

About 8 a. m. Robinson left his house at the corner of Fourth and A streets and going to the apartment in the same building occupied by Mrs. Emma Stewart, the landlady, and her son, rapped for admission. Mrs. Stewart, upon opening the door, was shot through the head by Robinson with a rifle. Robinson then entered the dining room and fatally stabbed young Stewart twice close to the heart and in the abdomen.

Started Out for More Victims.

After returning to his room and reloading his rifle, Robinson descended to the first floor and entering the carpenter shop of H. W. Chase, shot Chase close to the heart with the rifle, death being probably instantaneous.

From the carpenter shop Robinson rode on his bicycle to the home of W. H. Doddridge, internal revenue collector. He ran up the steps to the front door, carrying his revolver in one hand and his rifle in the other. In response to his ring Harry Doddridge, son of W. H. Doddridge, opened the door. Robinson immediately shot young Doddridge with a revolver just above the heart. Death followed before medical assistance could be summoned.

Mrs. Doddridge, the young man's mother, heard the shot and ran screaming from the house. As she was crossing the yard Robinson fired, the bullet striking her in the back. She fell headlong upon her face in the yard. W. H. Doddridge, who was in bed on the second floor when he heard the commotion jumped or fell out of the window, breaking the bones of his right hand and probably sustaining internal injuries.

Robinson searched the house for more people. When he came to the room just vacated by Doddridge he climbed upon the bed and, placing his revolver to his temple, fired a bullet which tore off the top of his head.

THERE WILL BE NO AUTOPSY.

Young Richard Croker Satisfied as to Cause of His Brother's Death.

Kansas City, May 16.—Richard Croker, Jr., and J. Rogge of New York, his traveling companion, taking the body of Herbert H. Croker, who died on a Santa Fe train near Newton, Kan., Friday morning, left on a Wabash train at night for New York. They had spent the day here and Mr. Croker made a partial investigation of the circumstances surrounding his brother's death. He left convinced that it was due to the excessive use of tobacco and liquor and the use of opium. There will be no autopsy, he said.

For Stanford Library Building.

Stanford University, Cal., May 16.—The cornerstone of the \$800,000 library building was laid during the day at Stanford university with imposing ceremonies. A hitherto unpublished letter to the students from the late Mrs. Stanford was read. In it she left provision for a sum to be realized by the sale of her private jewels, valued at \$1,000,000.

Conductors Again Elect Clark.

Portland, Ore., May 16.—The Order of Railway Conductors elected the following officers: Grand chief conductor, E. E. Clark; assistant grand conductor, A. B. Garrettson; grand secretary and treasurer, W. J. Maxwell; grand senior conductor, C. H. Wilkins; all of Cedar Rapids, Iowa; grand junior conductor, L. E. Shepherd, Philadelphia.

Nan Patterson's Father Ill.

Washington, May 16.—J. Randolph Patterson, father of Nan Patterson, has a severe attack of congestion of the lungs and some anxiety is felt for him. Miss Patterson spent a part of the day shopping with members of her family.

Minneapolis Man Ends His Life.

Minneapolis, May 16.—After leaving a brief but affectionate note of farewell to his wife and children, Terje Thralson, a North Minneapolis grocer, fired a bullet into his brain as he stood upon the Sixth avenue bridge at Keegan's lake.

TO RACE ACROSS THE ATLANTIC.

Eleven Yachts Assembled in the Harbor of New York.

New York, May 16.—With the incentive of a valuable cup and three other prizes offered by the German emperor, eleven large sailing yachts of various rigs and representing three nations assembled in the inner harbor Monday, fully prepared for the start Tuesday for a race across the North Atlantic. Eight of the contestants are vessels owned in this country, two are from England, while Germany has one representative.

While a number of yachts have had a deep sea experience, there are several of the fleet which have had little sailing except in the comparatively placid waters along the American coast.

The event is therefore looked upon in the yachting world as one of the most important in many years, in that it will test the stability and rig of the present type of pleasure craft, as well as the seamanship of the modern yachtsmen.

A representative of Emperor William, assisted by a committee of American yachtsmen, will start the fleet at 2 p. m. at Sandy Hook lightship, ten miles outside of this harbor. The finish will be at the Lizard, on the English coast, more than 3,000 miles away, where a German war vessel will note the winner.

The vessels expected to compete in the race are: The Atlas, Atlantic, Apache, Endymion, Fleur de Lis, Hildegard, Thistle, Utowand, all American ships; the Hamburg, German ship; the Sunbeam and the Valhalla, both British vessels.

Woman Convicted of Grand Larceny.

Duluth, May 16.—Rose Ettinger, who the police say is wanted at Cincinnati and is believed to be a crook and hotel worker of Chicago, was convicted by a jury in the district court here on two counts of grand larceny, the charges being stealing \$230 and rings and watches from rooms in the Acme hotel.

Railway Trainmen in Session.

Buffalo, N. Y., May 16.—The seventh biennial convention of the Brotherhood of Railway Trainmen began here during the day, with Grand Master Morrissey in the chair. Delegates were present from all parts of the United States, Canada and Mexico.

TELEGRAPHIC BREVITIES.

It is announced that the Munich Allgemeine Zeitung will suspend publication on July 1. It was founded in 1798.

The sultan of Zanzibar will be of age June 7 and would like to be honored by the presence of an American warship at his coronation.

Mrs. Annie Mathieson of Minneapolis drank a quantity of laudanum in mistake for stomach bitters which she had in a similar bottle. She died before a physician could reach her.

John Keough, sixty-eight years old and for many years a switchlight tender for the Milwaukee and Omaha roads in St. Paul, was killed Monday by a Milwaukee switch engine.

DR. OSLER'S ADVICE.

Old Age Theorist Says Professors Should Have More Time to Think.

Dr. William Osler of Baltimore, who is to be regius professor at Oxford university, speaking at the annual dinner of the McGill University Alumni association at the Hotel Imperial in New York the other night, recalled the time when he held his first professorship in the Montreal Medical college, says the New York Herald. He told about going to McGill in 1870, where he was appointed to the chair of medicine when he was twenty-four years old.

"For what I have accomplished in medicine," said Dr. Osler, "I have to thank the old Montreal General hospital, with its unclean wards. Some of the best work of the world is done amid the poorest surroundings. McGill has improved since those days, and the Royal Victoria hospital, which now affords clinical facilities, is one of the finest hospitals on this continent.

"In this country we are inclined to work our professors too hard. They do not have time to think. It is a better plan to follow the German method and that followed in some English universities and give the professors time to think."

Dr. Osler said that one trouble with McGill and other Canadian colleges is that their graduates all come to the United States.

"Why don't some of you stay at home?" said he. "Why all this talk about annexation of Canada when we are annexing so much in this country? Above all things, stop bringing Canadian girls over here. I am told that there are towns in Canada without a marriageable girl in them. The birth rate of the province of Ontario has progressively decreased for years."

"How about Quebec?" asked one of the diners.

"Quebec is different," said Dr. Osler. "You couldn't diminish the birth rate there if you wanted to."

Dr. H. N. Vineyard, president of the New York McGill Alumni society, presided.

A farewell ode to Dr. Osler was sung by his classmates, ending with these lines:

At duty's call you leave us
To be an Oxford don;
To honor to us all, Will,
To see our boy "get on."
No maiden is more modest,
And we love you for that, too,
Knowing all your great achievement
And your heart so staunch and true;
But we know you'll fight for right there,
So when the time shall come,
Though, Willie, we shall miss you,
We'll welcome you home!

MONKEY MEAT NOT BAD.

Former Philippine Officer Says It Is Quite a Delicacy.

"I see a great hullabaloo is made over the sad plight of the Fourteenth cavalry scouts who were obliged to subsist for nineteen days on monkey meat while out in the Moro country," said an army officer at the war department, according to a Washington dispatch to the St. Louis Post-Dispatch.

"Why, do you know that monkey steak when properly cooked is one of the most succulent of dishes? I have tasted it myself while out in the Philippines. And I know whereof I speak when I say it is not great deprivation to have to substitute that kind of meat for the soldiers' regular menu."

"How does it taste? Well, of course it all depends on the size and age of the monkey obtained for the repast. The age is most important. Some of those Philippine apes are reputed to be antediluvians, and a piece of broiled century old monkey is, of course, not quite as tender as spring lamb, for instance."

"However, I have no doubt the chefs in those scouting parties of the Fourteenth knew quite well how to select their game and never cooked anything but the young ones. The meat of a young monkey, I should say, tastes very much like that of a rabbit."

"The best steak is taken from the haunches. When done to a crisp before an open fire with the proper amount of salt, it is quite a delicacy."

"After all, most of the natural prejudice which we have against eating monkey meat is the fact that the beasts look so much like a man. One feels almost like a cannibal when he knows that the meat which is served up to him is that of such a human looking brute as the Philippine monkey."

"I am told that the natives in the Philippine Islands have a sort of superstitious awe of the monkey tribe. For that reason they don't like to kill them. The Moros, many of whom are cannibals, are not so particular and regard a monkey steak as a very choice morsel."

Rat Killing Parties in Missouri.

Farmers in the southern part of Pettis county, in Missouri, report that swarms of rats are playing havoc on the farms, says a Sedalia special dispatch to the St. Louis Republic. The rodents are unusually large, and, besides wrecking corncribs, the animals have devoured young chickens and even young pigs in many instances. Farmers are afraid to put out poison for fear it will be distributed to their feed pens, but rat killing parties are of nightly occurrence and hundreds of rodents have been killed.

To Assess Street Railway Property.

Madison, Wis., May 16.—The assembly at night by a unanimous vote passed a bill to assess on an ad valorem basis property of street railways and heat, light and power companies operated in connection with railway companies.

The Cody Divorce Case.

Sheridan, Wyo., May 16.—The attorneys for Colonel W. F. Cody (Buffalo Bill) during the day filed in the district court a motion for a new trial of his divorce suit.

Board adjourned sine die.
A. MAHLUM,
Co. Auditor.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1905.

A. W. GLEASON,
Notary Public.
Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. Address F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c.
Take Hall's Family Pills for constipation.

Steel ranges at bargains. Price \$10 less than former regular price at Imperial block hardware store.

Lace curtains done up at 30c a pair at Laurel Steam Laundry.

Rugs, art squares and go-carts. Largest line in city. D. M. Clark & Co., 241tf

LIKE FINDING MONEY.

H. P. Dunn & Co., the popular druggists, are making an offer that is just like finding money, for they are selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty-cent pieces for a quarter, but that is what this offer really means, for it is only recently through the solicitation of druggists, H. P. Dunn & Co., that this medicine could be bought for less than fifty cents. They urged the proprietors to allow them to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified their good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, speck before their eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure. But if by any chance it should not, H. P. Dunn & Co. will return your money.

Store your households good with D. M. Clark & Co.

Have your spring photos taken by Opsahl. 292tf

Sherlund will fix your water pipes.
